WELCOME to our garden, whether your visit be by correspondence or in person. Once again we are privileged to say to our old friends and customers "Hello, again" and to our new ones, "We're pleased to have you with us."

And once again our catalog is simple and inexpensive—simple and inexpensive for us to print and simple and inexpensive for you to order from. Here's how our now famous "Across-the-board" collection offer works:

INTRODUCING MR. MOON

(Weed 1955) M 54" \$15.00

Our new Iris for 1955 results from a cross of Snow Flurry X National White and truly reflects the quality of its parentage.

Standards and falls, ruffled and of clear white are borne on sturdy, well branched stalks. The beard is a soft yellow and the foliage is tall and glossy dark green and grows close to the stalks.

Mr. Moon is the tallest Iris in our garden, majestically reaching for his namesake from heights up to 62 inches.

MAKE YOUR OWN COLLECTIONS

On all varieties in this catalog, you may add the total amount of your collection, then deduct one third and send us the balance, or two thirds of the amount, as illustrated:

For \$3.00 you may choose a total of \$4.50 worth of Iris

For \$5.00 you may choose a total of \$7.50 worth of Iris

For \$10.00 you may choose a total of \$15.00 worth of Iris

For \$14.00 you may choose a total of \$21.50 worth of Iris

And now, the 1955 Bonus to our collection offer:

On a \$30.00 collection deduct \$11.50 send us \$18.50

On a \$50.00 collection deduct \$19.50 send us \$31.00

And don't forget your gift iris.

You may also specify your choice of iris which you wish us to include as gifts, up to one-half of the total of the amount you send us, but you must figure the gift iris at list price. Please do not request varieties marked NET.

We will ship your choice if possible.

A complete list of all varieties grown in our Display Garden is available on request. Please do not hesitate to inquire about varieties in which you are interested.

Sincerely,
MRS. HOWARD WEED

REMITTANCE by check, money order or draft please. Orders are filled from July first until late Fall in the sequence received, unless a certain arrival time is given. Rhizomes guaranteed to arrive in healthy condition and all are state inspected. Shipments of \$3.00 and over will be postpaid. For orders under \$3.00, please add 50c for postage.

DEFINITIONS OF TERMS USED

In listing the iris here we give first the variety name, then name of hybridizer, year introduced, blooming season and height in inches.

D.M., Dykes Medal is the highest award given to an iris by the American Iris Society. One given each year.

Haft—center or throat of flower. Beard—narrow band of hair-like growth. Standards—the three uprising petals. Falls—the three petals falling toward the earth.

E early, M mid-season, L late.

JOIN THE AMERICAN IRIS SOCIETY

You will receive four wonderful bulletins each year for four dollars. Send your check to the Secretary of the Society at Franklin Road, Brentwood, Tenn., or include the amount with your order and we will gladly send it in for you.

for \$7.00

IRIS CULTURE

Iris are one of the easiest perennials to grow, requiring very little attention, but invariably responding to any extra attention given them.

Sunny, well drained soil is best for planting. Work the ground loosely to a depth of about 10 inches, spread the roots of the rhizome, and plant just under the surface, tamping the soil down firmly. Water well after planting and remember not to plant deep as Iris like sunlight. In heavy soils, work in a little sand around the plant.

Do not over-fertilize. Bonemeal is always good or use any balanced plant food, sparingly and not next to rhizome. Try to maintain an even balance between the acid and alkaline factors in your soil as, generally speaking, Iris prefer a neutral soil.

CANADIAN CUSTOMERS

Send to the Department of Agriculture at Ottawa for the necessary import permit.
